

SISCO

SISCO has been recognized in October again for the exemplary services provided, on this occasion by SBI (State Bank of India). SBI is one our largest clients and the biggest bank in India and SISCO services more than 900 SBI ATMs in Madhya Pradesh. All these ATMs belong to the MOF project, that the Government set up for far flung areas of the country.

With MP being one of the largest states in India with a huge geographical area, all the MOF ATMs are very scattered. Despite a large number of MOF ATMs in MP, SISCO has managed to service them with quality and reliability. The appreciation letter from SBI Madhya Pradesh is a testimony of the hard work put in by Mr Kishore Gijare (senior manager - operations) and his team. We are not only the largest CRA for SBI ATMs in MP but also the best.

Let us join hands in congratulating the SISCO team in MP and let their achievements serve as a motivating factor for all of us.

“Excellence is an art won by Training & Habituation”
